

Important Customer Information Coronavirus COVID-19

As of 16th March 2020 we have taken the decision to suspend all services with immediate effect including the closure of all R:evolve Clothing Swap Shops (Rutherglen, Hamilton & Cambuslang) until further notice, due to government guidelines about the spread of Coronavirus COVID-19.

If you have signed up for a workshop, these are now cancelled and if you have pre-paid we will be in touch soon to offer you a refund or gift receipt for a future date.

All our services run from the goodwill of our volunteers and their health and safety is paramount to our operations. As R:evolve Recycle is a project of LEAP Ltd, many of our volunteers and customers fall within the high risk category for Coronavirus (older adults and those with health conditions)

We have therefore taken the decision to reduce the risk to our community and hope that you understand our decision to do so.

We will keep all our online communications open in order to keep you up to date with our plans going forward and will let you know when we are back up and running.

All of the staff and volunteers at R:evolve wish all of our customers and friends best wishes and good health at this time.
