'Together We Can' Bunting
Project

We really miss connecting with our customers, volunteers and friends at R:evolve, but we all know how important it is to stay at home and reduce the pressure on our NHS.

To beat the boredom we want you to be part of our 'Together We Can' bunting project. When sewn together our bunting will bring together individually designed and crafted bunting flags from people across South Lanarkshire.

Our theme is about being together even when we are apart. Think about what you miss, what you are doing to stay connected or what you plan to do once we can be together again.

Ask all your family members to join in and create their bunting flag and if you are on your own, feel free to keep busy making as many flags as you like.

Instructions:

1. Cut a square of material 20cm x 20cm, please use old cloth such as clothing or bedding, to reduce waste.
2. Draw around the bunting template, if you cannot print the template at home we have included the dimensions for you to draw your own.
3. Spark your imagination using our 'Together We Can' Theme
4. Decorate your flag by sewing your design directly to the material OR by drawing, using permanent/fabric pens and ironing over the top to seal the design.
5. **Do not** cut around the bunting shape, keep the square whole to give us enough cloth to sew the bunting together.
6. Keep your flags safe and when our shops open back up we invite you to pop in to see us, to drop them off to us or post them to:
R:evolve Clothing, 116 Main Street, Cambuslang G72 7EJ

We would also love to see your finished designs by tagging us on our social media pages:

R:evolve Recycle

'Together We Can' Bunting

Example

Catriona Mason, one of our workshop leaders, kindly created examples from the comfort of her home, for you to get an idea what we are looking for.

Example 1: Permanent/fabric pen, don't forget to iron it!

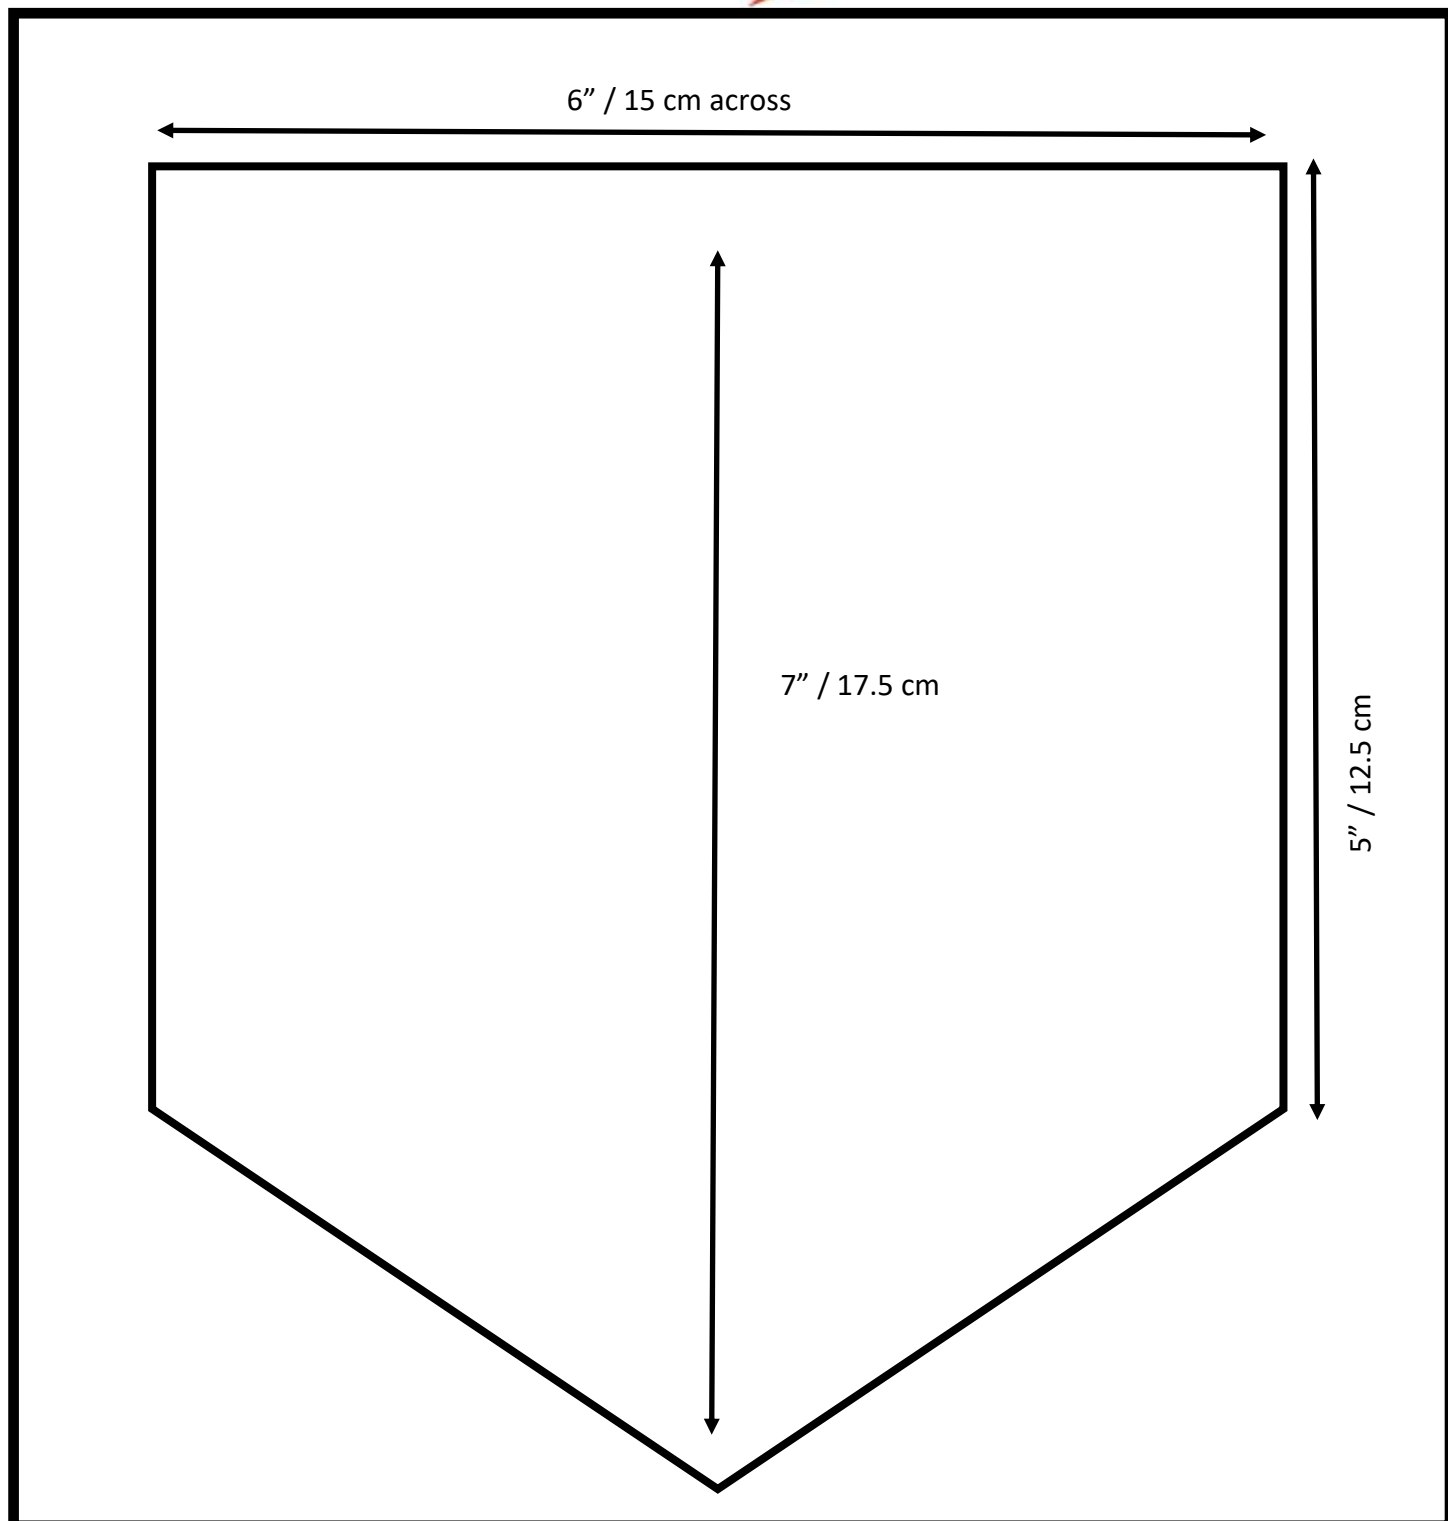

Example 2: Hand or machine sew

Example 3: Bring your squares back to us when our shops open back up and our volunteers will make your design into bunting,

R:evolve Recycle

'Together We Can' Bunting
Template

The above template is to scale and can be printed out and used as a guide to the measurements.

Use a square of material 20cm x 20cm and design your flag using the template/sizes above.

If you are unable to print this off we have given you the dimensions so you can draw your own.
